### Key Findings and Priority Recommendations

We commend the **MEPZ Special Economic Zone & HEOUs** for its commitment to transparency by making essential information accessible on its website. However, the audit has highlighted areas that require **greater clarity and comprehensive disclosure**, including:

1. Enhancing the prominence of information under **Section 4(b) of the RTI Act**.
2. Providing detailed historical insights into the department's **formation, leadership changes, and committees/commissions constituted over time**. Additionally, information regarding the **channels of supervision and accountability** should be included.

3. [Conducting regular programs to promote awareness and understanding of the RTI Act.](#)
4. Expanding details under the Citizen's Charter, **Result Framework Document (RFD)**, and **six-monthly performance reports**.
5. Establishing a **Committee of PIOs/FAAs** with RTI expertise to proactively identify frequently requested information.
6. Forming a **consultation committee** of key stakeholders to provide input on **suo-motu disclosures**.
7. Adhering to the **Guidelines for Indian Government Websites (Version 2.0)** and ensuring STQC certification is obtained and displayed.
8. Making available **RTI Manuals and Handbooks** in Hindi, English, and regional languages and ensuring periodic updates.
9. Clearly **displaying the last update date** for each webpage in DD/MM/YY format.
10. Ensuring **suo-motu disclosures** are easily accessible through a dedicated RTI heading or linked section.
